

For assistance needed with Provider/Member verifying eligibility for a member that has a plan that utilizes a plan with the Anthem network, please find helpful information below.

Provider will not verify eligibility or benefits with Anthem directly and the member ID# will not start with 3 letters. This is for plans directly with Anthem only.

LifeX Research Corporation sponsors a self-funded plan that utilizes Anthem as their preferred network for certain plans. To verify eligibility and benefits, they should follow any of the steps shown below:

- Visit [www.benefithealthplan.com](http://www.benefithealthplan.com) for instant eligibility and benefit verification. No registration required. This is the fastest and easiest method of verification.
- Refer to **Payor ID 52682** in the Provider Practice Management system for eligibility verification and the most efficient claim filing option.
- Call Benefit Health Plan, Inc. (BHPI), the plan administrator at **844-580-2474, Option #3** for verification over the phone.

Please refer to a copy of the sample card below for all information needed. Please refer to the back of the card for eligibility, benefit and claim filing instructions.
