

WHY LIFEX?

At LifeX, we are committed to collecting and analyzing health data to build a better, healthier future for everyone. Whether you're looking to improve your personal wellness or simply save money on healthcare, LifeX offers the tools and information to guide you toward better health outcomes and a brighter future.

01

Medical Benefits

- LifeX offers a robust mix of health benefit plans with additional no-cost benefits to active employees to support overall health and well-being.

02

Earn Money for Health Data

- Research Associates have the ability to complete health activities, such as surveys and quizzes, in return for guaranteed payment.

03

24/7 Telemedicine Benefits

- Connect with licensed healthcare professionals anytime for urgent care, primary care, and mental health support with \$0.00 copays.

04

Employee Wellness

- Access to wellness tools to improve overall employee health and well-being, predict and prevent future health risks, and optimize the employee's quality of life.

05

Public Health Through Data and Strategy

- By leveraging data analytics, epidemiological research, wellness data and patterns, and public health principles, it helps identify patterns, predict health outcomes, and design tailored interventions that cater to the employee.
